EDUCATION

Undergraduate | SUNY Stony Brook University

AUGUST 2016 – MAY 2020

Major: Computer Science
Minor: Business Marketing

EXPERIENCE

Intern | InQuest

Long Island, New York

JUNE 2018 – AUGUST 2018

Company based on network-security. Worked primarily in python, also used Bash. Addressed documentation gaps and issues as well as providing bug fixes for company projects. Created multiple CLI utilities for ease of Shell interaction for other developers. Assisted in the updating of IOCExtract, a program that detects indicators of compromise from web addresses.

Sales Associate | Perfume Point 15,

Westfield Mall, Bay Shore

JUNE 2017 – PRESENT

Improved the performance of the business' computers when using the register program during transactions by pinpointing how and when a recurring crash would start and thereby eliminating it. Increased quickness with handling customers.
